MY BEST FRIEND.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's Discovery's power over coughs and colds is simply marvellous. No other remedy has ever equaled it. Fully guaranteed by all druggists. 50c and \$1.00. Trial bottle free."

JUDGE O'REAR TO DELIVER BACCALAUREATE ADDRESS.

Chief Justice E. C. O'Rear, of the Court of Appeals, will deliver the Baccalaureate Address to the graduating class of Kentucky University Law School, Lexington, on Wednesday next, June 12, at 10:30 o'clock. This gives assurance that the students will hear an able, scholarly and eloquent address.

A FORTUNATE TEXAN.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25 cents at all drug stores.

A HOUSE OF GOVERNORS.

If the proposed House of Governors offers an additional safeguard to the form of our republic, and to representative government, let us by all means have it! Its convocation requires no federal act. The legislatures of the several States are competent, on their own initiative, to create and maintain its meetings, and nothing but good can come of such a gathering, which is powerless in other respects, as its mission would be corrective, not creative legislation, and heaven knows our national statute books are filled with errors that cry aloud for correction, and for which there is no obvious remedy.

Wisconsin, one of the most progressive States of the Union, has before its assembly at this moment a resolution requesting the Governors of various States to meet in Indianapolis this fall to discuss uniformity of legislation. It is probably too late this year to secure similar action in other States, but there is a next year and a next, and eventually the House of Governors will assemble.—Our Country for June.

BLOCKADED.

Every Household in Frankfort Should Know How to Relieve It.

The back aches because the kidneys are blocked.

Help the kidneys with their work.

The back will then ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Frankfort.

Wingate Thompson, police officer, of 39 Murray street, Frankfort, Ky., says: "Ordinary backache is sufficient for any one to endure, but when there is added to it trouble with the kidney secretions which embarrass you during the day and breaks your sleep at night, it is no wonder the sufferer is miserable and welcomes the means he employs to get relief. It is hard enough for any one to endure all such suffering and misery, but for one as heavy as myself it seems to come doubly as hard. It was not until I learned about Doan's Kidney Pills that I found a remedy that would do just what is claimed for it. I procured a box of J. W. Gayle's drug store and their use corrected the action of the kidney secretions, relieved the dreadful aching in my back and helped me in every way. There is no need to have any doubt about Doan's Kidney Pills, as they do exactly as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SUPERINTENDENT STATE NORMAL SCHOOL RESIGNS.

For some time there has been a determined fight made against Prof. J. S. Hathaway, Superintendent of the colored State Normal School, which culminated in charges being preferred with the State Board of Commissioners. An investigation was held and Hathaway acquitted of the charges. However, realizing that his usefulness was over, he tendered his resignation to the Board and it was accepted.

Everybody's friend—Dr. Thomas' Electric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

LADIES AID SOCIETY SUPPER.

Notwithstanding the inclement weather, the supper given by the Ladies Aid Society of the First Baptist Church, on Friday night, was well patronized, and quite a nice sum was cleared for the interest involved.

The supper was exceedingly dainty, abundant and appetizing, and was greatly enjoyed by all present.

AFTER FORTY YEARS.

After a contest lasting over forty years the U. S. Court of Claims decided, on Monday, that the claims of Gen. T. T. Garrard, Hon. Daugherty White and others against the U. S. Government for damages was a just one for the destruction of the Goose Creek Salt Works, in Clay county, under order of Gen. D. C. Buell, during the Civil War. The amount allowed was \$18,000, with interest from the date of the destruction of the works. We are glad that this wrong inflicted on the old veteran, Gen. T. T. Garrard, has been righted.

NEW COMMISSIONER OF INTERNAL REVENUE.

Mr. John C. Capers, of South Carolina, has been appointed Commissioner of Internal Revenue, to hold until December 1st, when Mr. Pearl Wright, of Louisiana, will assume the duties of the position, to succeed Hon. John W. Yerkes, of Kentucky, resigned.

THE MAGIC NO. 3.

Number three is a wonderful mascot for Geo. H. Parriss, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completely cured." Guaranteed best remedy for stomach, liver and kidney troubles, by all druggists. 50 cents.

REMARKABLE RESCUE.

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed for coughs and colds. 50c, and \$1.00 bottles at all druggists. Trial bottle free.

FARMER'S

FACE TO FACE WITH NATURE.

The thing we expect never happens; it is always the unexpected, and here just before our gaze (instead of the old log home house of a hundred years), stood a beautiful modern house, with porches and halls, bed rooms, breakfast and music rooms, surrounded by fruit trees, shrubbery and flowers. Only one old tree left from the "forest primeval," a giant oak, so broad and large, so tall and majestic, that our very eyesight took up a spirit of Mexican nature worship. The limbs and boughs covered all the yard space, and the shade and shelter were sufficient to have "housed" an army of people. Such a pity that all the rest of God's sentinels were gone. No more forest trees are to be left in Kentucky. The man who raises tobacco doesn't want trees. And yet the climatic changes, as well as atmospheric influences resulting from this criminal carelessness, will in future make the farmer see his error. Let us pray that it may not be too late.

The roots of an ancient oak were being dynamited to make more improvements, where the ideal realization would have been consummated under the spreading leafy foliage that in itself would have sufficed. Poor earth bound civilization. The children of the dear dead welcomed us with sweetest cordiality. But the unfamiliar scenes crossed our memories with a bitter cry. A dinner, daintily served, music and conversation were auxiliaries. In the afternoon we walked over the farm. It was well improved and valuable in every particular. Money couldn't purchase an acre of it. The gentleman of the manor told us the property had been in his family connection for 200 years, and the first immigrants or settlers were Indian hunters or guides to and from the Fort at Boonesborough. His heart, great grandfather and his father's father had fought in the defense of America against British oppression. He had stayed on the farm and worked his path of shining light as God meant he should. He quoted Ruskin: "The longer I live the more ground I see to hold in high honor a certain sort of childishness or innocent susceptibility. First impressions are lasting. The reason why I never married? Pride was at the bottom of that great mistake. All the other passions do occasional good, but whenever pride puts in its word everything goes wrong, and what it might really be desirable to do quietly and happily, it is mortally dangerous to do proudly."

"No. She did not die! Married? Yes, but oh! so far away that she might have died instead, and it would have sufficed. There is the turkey hen now, and we were looking for, and see here are eight eggs. Master Crow isn't in this evening."

We rounded up the wheat field, which looked splendidly. The young turkeys were yelping lustily as we reached the house again. The young lady had a number of the pretty things so gentle and so full of voice. The birds were singing an evening angelus, and the air had grown cool for the time of year. When we went in doors such a glorious fire awaited us. Logs in a fireplace, and the smell of burning cedar so delightful that we exclaimed: "Thank you!" and sat down in the high back chair at peace with all the world. After refreshments and music we tried to read Browning, but instead told stories, and then went to sleep, dreaming that we were at the foot of the Rockies and the bear had found us.

The next morning, and as many more, found pleasant diversion in viewing ground sacred to the past. "The children" did not know anything about the old settlers who lived up and down the waters of Elkhorn in the early seventies. Neither could they tell about the once famous springs where picnics were given and political boost held sway. Friends and trees were with the things of the past.

After our visit's end we were again driven round the cliff road, recalling to mind the witches hiding place and the Indian Cave. Wild flowers blossomed in wonderful varieties and the scenery grew ideal, constituting one of the loveliest ever unfolded to a beholder. A ruin enhanced the value of the picture. Tall, mute shaft of memorial, the only tomb worthy of such a devoted life. The desolate mill site, the broken dam, all portrayed the virtue of silence. All were gone, the once familiar places, and we were left. The country church, Mr. Pleasant, was waiting by the road side. White painted, with shutters of green, it seemed to rest content with the work of the Lord. A congregation of some eighty members, a good Sabbath School, and services twice a month recorded a light not hidden in work for God. The old church held many sweet and noble memories. Our forefathers once worshipped within its walls. We found a Savior there precious to our soul. Many worthy ministers once preached the doctrine of the Baptist faith. Mr. Blanton, whose name stands fair upon the roll of saints, and many another who has

long since gone home. Under an old locust we hitched the horse, and with a part of our duty starting us as a ghost, we walked down the rocky hill and up a steeper one standing at last by a lonely grave.

I will mail you one, to prove merit, samples of by Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment, and not the cause. Weak stomach nerves—the inside nerves—mean stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers.

FRANKFORT LIKELY TO GET RIFLE RANGE.

An officer from Washington City has been in this city this week making arrangements to procure a rifle range for target practice by the National Guards. It is understood that all the details are about fixed and, in all probability, the deal will be closed.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

INCREASE OF SALARY.

Our genial postmaster, Mr. George L. Barnes, has had his salary increased \$200 per annum. Mr. Barnes is making a first-class postmaster, and his friends are rejoiced that he has been so lucky.

TO OUR READERS.

It is an invariable rule of all newspapers that their columns are open to correspondents to express their views on all matters of public concern, and as fully as they desire, provided no libelous matter is contained in their communications.

In addition, it is always understood that the paper is not responsible for the views expressed by correspondents.

We call attention to this matter just now from the fact that several communications have appeared in our columns, giving expression to views to which we do not subscribe.

In any matters up for discussion our columns are open to any one who may wish to give expression to their views within any reasonable bounds, but always with the reservation stated above.

LECTURE BY DR. T. LINDSEY BLANEY.

Dr. T. Lindsey Blaney, of Central University, Danville, delivered a splendid lecture, under the auspices of the Woman's Club, at the Parish House, of the Episcopal Church, on Friday evening.

Notwithstanding the downpour of rain quite a good crowd was present.

The address was an able and instructive one, taking "Germany" as the theme, and was illustrated by fine stereoscopic views well fitted for the subject under discussion.

The address was greatly enjoyed by all present.

SOMETHING OUT OF THE ORDINARY.

Some weeks since we announced the fact that a gobbler, belonging to Mrs. Bettie Spaulding, living near Chasterville, on the Devil's Hollow pike, had undertaken the job of setting some eggs (the hen whose nest it was having died.) Now his gobbliness has accomplished his purpose and is the proud father and mother combined of eight young turkeys, over which he manifests the same anxiety as the proverbial hen with one chicken.

The special attractions will be White City, Fountain Ferry Park and base ball (Louisville v. Kansas City.)

MILITIAMEN ENTITLED TO RECEIVE PAY.

Court of Appeals Upholds Judgment of the Lower Court Regarding Troops Called Out by Taylor.

The Court of Appeals, by Judge Barker, affirmed the decision of the Franklin Circuit Court in Percy Haly vs. Horace Cochran, etc., and Horace Cochran vs. J. C. W. Beckham, Governor.

The action involved claims of the State militia called into service by W. S. Taylor, acting Governor from January 31, 1900, to May 15. The lower court rendered judgment directing Gen. Haly to certify the pay-rolls as correct. This court holds that under the circumstances the soldiers having rendered the service were entitled to pay, and says the judgment dismissing as to the Governor was correct. The pay-rolls had not been certified to him. "When the pay-rolls are certified by the Adjutant General, we have no doubt they will be approved by the Governor, and this is all that need be said upon this question at this time."

STARTLING TOBACCO STATEMENT.

The following remarkable statement is clipped from "The Modern Grocer" of May 18, 1907: "In a recent issue of a Milwaukee publication styled the Clear Manufacturer, there appeared the following dispatch under a Washington date line. Copies of the publication in which it appeared have been in big demand and requests have come from members of the trade in all sections of the United States says Tobacco. The dispatch read as follows:

"Washington, D. C.—The President called his Cabinet together this afternoon to consider trust prosecution by the Government. The Government will begin proceedings at once directly against the Tobacco Trust. The food department some time ago analyzed several brands of tobacco.

"The kinds known as Lucky Strike and English Curve were found to contain 40 per cent tobacco and 60 per cent fine cut brown paper. Bull Durham contains no tobacco, but is 100 per cent finely chopped brown paper soaked in tobacco stems, juice and refuse. Duke's Mixture is only 10 per cent tobacco. The 'tobacco habit' is wrongfully named. It should be known as 'the straw board habit'."

A Cynthiana merchant last week took a sack of the tobacco mentioned, boiled it and rinsed it and found that it was made of paper as stated above.

If the Government can compel the Trust to use tobacco or to properly label the flavored paper, it will greatly increase the demand for tobacco and thus he another strong aid to the farmers.—Cynthiana Log Cabin.

STATE FAIR NOTES.

Active Preparations Have Begun For Kentucky's Big Event Next September.

The Kentucky State Board of Agriculture, Forestry and Immigration, under those auspices, the State Fair will be held at Louisville, Sept. 16-21 has completed the classification of premiums for the next State Fair, and the same is soon to go to press for distribution among over twenty thousand prospective exhibitors.

Any one interested in exhibiting live stock of any character, poultry, woman's work, products of the field, orchard, garden or dairy, or the handiwork of children, will confer a favor upon the Board of Agriculture by forwarding his or her name to the Secretary, R. E. Hughes, Louisville.

Twenty-five thousand dollars is being offered by the State Board of Agriculture in premiums and purses for the Kentucky State Fair to be held at Louisville, September 16-21. The State Fair offers to the breeder of all classes of live stock an excellent opportunity to bring his stock to the public's attention in a way that no other occasion offers. If he is hunting a purchaser, he will find at the Kentucky State Fair many persons in the market for just such stock as he may wish to show and sell. He, therefore, stands the chance of getting premiums as well as a better price for his stock.

Natiello's Band, a premier musical organization with fifty star artists, will furnish music for the Kentucky State Fair, to be held at Louisville, September 16-21. The State Board of Agriculture is negotiating with the famous Knabenshue, to bring to Louisville his new passenger carrying airship, together with his captive balloons, and the balloons with which two members of his aeronautic company make races, as some of the big attractions of the State Fair. Knabenshue has a reputation that is world-wide. He was the first American to make a successful flight in an airship, and has been perfecting the machine that penetrates the skies ever since his first flight at the St. Louis Exposition in 1904, until now he has a vehicle soaring the air, which carries additional passengers.

The interest in the Kentucky State Fair this year leads the Kentucky State Board of Agriculture, which is in direct charge, to believe that it will be the largest attended event of any kind ever held in the State. The dates—September 16-21—form a most propitious period for all classes of people. The displays in all departments will be more complete than ever before, while the amusements and the music will furnish a further excuse to citizens in all sections to make Louisville their Mecca during the week of September 16th.

Negotiations are now on with all railroads entering Louisville where the State Fair will be held September 16-21, to announce very low rates with liberal extensions as to time.

The personnel of the State Board of Agriculture, Forestry and Immigration, which is directing the Kentucky State Fair movement, is a guarantee that the State Fair for 1907 will be one in every way in keeping with the progress of Kentucky along the lines of live stock, agricultural and horticultural development. Hubert Vreeland, the State Commissioner of Agriculture, is the chairman, and his associates on the Board are Prof. M. A. Scovel, director of the Experiment Station at Lexington; G. N. McGrew, Bayou; W. R. Moorman Jr., Glendale; Guthrie M. Wilson, Bardonia; Lawrence Jones, Louisville; Desha Breckinridge, Lexington; William Addams, Cynthiana, and John Mayo, Paintsville. These gentlemen have elected R. E. Hughes secretary, and he has established headquarters on the second floor of the Commercial Building, at the south-east corner of Fourth Avenue and Main street, in Louisville, where he will welcome all visitors interested in making the State Fair a success.

Mental

Strain Affected General Health.

Doctor's Doses Weakened Stomach.

Dr. Miles' Nervine Cured Me.

Dr. Miles' Restorative Nervine brings rest and sweet sleep to the tired brain worn out with the cares and anxieties of the sick room. Read the following:

"I have always been healthy with the exception of a touch of rheumatism since my age came on, up to the time of my husband's last illness some years ago. I assisted in nursing my husband for nearly three months when he departed this life and the mental strain I think caused my trouble. Aside from extreme nervousness my trouble commenced with sore throat and neuralgia. My physician gave me purgative doses which weakened me very much and my stomach for a time seemed inactive. Mental strain and the dormant condition of my stomach soon told upon my general health. I had little appetite and was soon forced to stay in bed, a greater part of the time. Within a week after the time I began taking Dr. Miles' Restorative Nervine and Tonic I was up about the house. I continued their use until completely cured. My faith in Dr. Miles' Remedies has been strengthened by experience of other people, our daughter having used Restorative Nervine with splendid results in a case of paralysis and a friend to whom I sent a box of the Anti-Pain Pills reports that she has been completely cured of neuralgia by their use. I know of a number of others whom your medicines have helped in a large degree. I wish you continued success."

CORKERS AND TWISTERS.

By Mrs. O'Houllihan.

In mentioning a cure for cattle that were suffering from eating white clover, the types last week made us say to put the thumb into the incision made into the animal's side. It should have read "put the drain tube into the incision" to draw off the gas.

The picturesque beauty of the scenery about Frankfort is unsurpassed by any other city in this country, and probably in the world. Stereoscopic views of this scenery adorn albums in all parts of the world, and the brush of the painter has depicted its artistic splendor upon canvases in colors that delight the eye and fill the imagination. The forest clad heights, the rugged hill tops, the deep ravine and precipitous chasms, the gigantic rocks that jut out from the towering cliffs, the sylvan, silent dells, where the sparkling brooklet plays, and where the ferns and wild flowers grow, the grassy slopes that lead down to the water's edge, and above all the alternating glimpses of the winding waters of the Kentucky river, as it flows gently or forcefully through the deep gorge—cut by nature through the everlasting hills—are each and all elements of a picturesque beauty that charms and captivates, delights and exalts. To catch a glimpse of the lovely picture that Frankfort unfolds in its emerald and rustic setting, go this summer, to the projecting point near where the old toll-gate stood upon the Flat Creek pike, and look down the valley of Benson upon the nestling city, or stand upon the brow of the cliff at the top of the ascent above the arsenal, and look up the river and across to the new capitol and Arnold's Hill, or climb to the top of Fort Hill and sweep the valley and the horizon in a bird's eye view, and you will no longer wonder why visitors are entranced by the lovely view about Frankfort and why the camera has transferred them to adorn so many treasure albums throughout the world.

The encyclical letter of the Pope of Rome, forbidding the introduction of opera music into church service, will no doubt be generally accepted as a proper conclusion by the unmusical, if not the musical world. But we doubt whether his objection to female voices being permitted to participate in church choirs will be as favorably received. The soft and persuasive melody of the female voice in song has a power over the hearts and the souls that the harsher notes of the male voice can never touch. With ineffable sweetness and rhythmic gentleness, the soft music of the female voice tenderly vibrates along the inner chords of the soul and melts and slumbers, subduing, wooing and winning into a tender obedience to the

higher and better life. The female voices ought not to go from the church choirs.

If woman was the cause of the fall of Adam, she ought at least to be permitted to sing the sons of Adam back into the Kingdom that is the spiritual representative of the Garden of Eden.

OBTAINS VERDICT FOR \$13,000.

Mr. John T. Hazeltine, of this city, obtained a judgment against the C. & O. R. Co., at the recent term of the U. S. District Court, at Catterburg, for \$13,000 for the loss of an arm while in the employ of that road.

C. O. TRAIN KILLS BABY.

The C. & O. train coming east from Louisville, on Monday afternoon, when it reached St. Matthews, Jefferson county, ran over and killed a baby girl, who was sitting down in the middle of the road. Every effort was made, by the train men, after the baby was seen, to prevent the accident, without avail.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry-bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure, however, the chronic, hacking cough, the cough of the throat and lungs, the cough of the chest and the cough of the stomach. It is not so effective. It is in the lingering, hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"It dispels it serves an excellent purpose. Glycerine is a real quantity of the peroxide of hydrogen in solution. It is one of the best means of relieving the stomach of the action upon it, especially in cases of catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood, curing blotches, pimples, eruptions, scurfy swellings and old sores, ulcers.

Buy Furniture Economically.

Extravagance consists in buying the wrong thing at the wrong price.

Economy consists in buying the right thing at the right price.

If you are truly economical you will not buy furniture merely because it is cheap. It should be bought—first for its appropriateness—and second, for its durability.

It will give us pleasure to show you our present offerings in fine and medium priced furniture—the sort that is both appropriate and durable. And we shall also be glad to tell you of our liberal partial payment plan—a little at a time, as your income permits.

CHOATEVILLE.

THERE IS A GREATER DEMAND FOR

High Grade Vehicles

Mr. Wade Gains spent Sunday with his parents, Mr. and Mrs. John Birk. Miss Norman Reagan, we are sorry to say, has had a sprained ankle for the past few days.

Mrs. Jesse Conway, we are very sorry to say, is still on the sick list.

Born—To the wife of Mr. Walter Wade, a fine daughter.

Several very interest games of croquet were played at Mr. Jeff Peters Wednesday afternoon.

Mr. Boone Hamilton called on his best girl, Miss Jessie Pierce, Sunday.

Mr. Victor Banta and best girl, Miss Lona Moore, were out driving Sunday.

Mr. Wm. Walter was certainly seen in Choateville Sunday. I suppose some on received a reward.

Mr. Chester Dennis and best girl, Miss Ellis Peters, were out driving Sunday afternoon.

Mr. John Chambers called on his best girl, Miss Lulu Shaw, at Millville.

The most graceful young gentleman of Choateville was seen going down the road under a black parasol instead of a green one, so I guess it was all a mistake about him being forsaken.

Mr. Bud Clark and wife were out driving in this locality Sunday.

Mr. Chester Dennis called on his best girl, Miss Goldie Sudduth, Sunday.

Friends, don't forget to attend Sunday School.

MARRIED.

Mr. Newhouse is an old Frankfort boy, who has made good in the West. He and his bride came here Tuesday to spend their honeymoon.

THIS MEANS BUSINESS.

The directors of the McClure Realty Co. have issued a call for the payment of fifty per cent. of the stock in that corporation.

This looks like work will be begun at once on the big office building at the corner of Main and St. Clair streets. Especially so since the occupants have been notified to vacate by June 10th.

WONDERFUL ECZEMA CURE.

"Our little boy had eczema for five years," writes N. A. Adams, Hazlett, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitter; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at all Drug Stores. 50c.

Dr. Weaver's Treatment. Syrup for the blood; Cures for skin eruptions.

SHUT DOWN FOR THE SEASON.

The Old Judge Distillery, No. 11, the property of Col. S. C. Herbst, shut down on Wednesday, June 5, for the season, having made one of the best runs ever made at that house.

"DRYS" WIN AT BOWLING GREEN.

In the local option election held at Bowling Green, on Thursday, the "drys" won out by a majority of 229, in a total vote of 2,023. This comes as somewhat of a surprise as it was thought the vote would be very close.

Dr. Weaver's Syrup and Cerate. Successful treatment for blood and skin diseases.

UNIQUE MEDAL FOUND.

Mr. Cyrus Wingate, Jr., recently found on a sand bar, where it had been washed out from a hollow, near Switzer, an old-time medal, which is quite unique. On the front there is a medallion of President James Monroe with the words "Alabama Banola" in the upper circle, with "James Monroe" under the medallion. On the reverse side the words "The Union Goldfoli Co., Limited," in the center there is a monogram of the company, and at the bottom the words "New York."

Mr. Wingate is anxious to find out the value of the medal.

Any one conversant with these matters would confer a favor by writing to him at Switzer.

The Colored State Normal School had its closing exercises on Wednesday last. It has been the most successful term ever held at the institution.

With this term the services of Prof. Hathaway as President ends. He has made a fine record in that office.

PEA RIDGE.

Mrs. Lucy Conway is lying very sick at her home at Choateville.

Mr. Louis Tracey and a large force of men worked the old Newcastle road Thursday and Friday this week. In view of the large increase of wealth of the county during the last two or three years it would be a good idea if the county paid the men for their work.

Mr. John Edge, Jr., went to Lexington Wednesday.

SCRIBE.

LIEUT. MAT MADIGAN, JR., BURIED HERE.

The body of Lieut. Mat Madigan, Jr., U. S. A., who died of consumption, was brought here on Thursday, and buried on yesterday with the honors of war by Capt. Longmire's battery.

NARROW ESCAPE.

While driving down St. Clair street, on Tuesday afternoon, Mr. Tilden Harrod had his horse to frighten at the motor car and run away. The horse ran into a telephone pole, throwing Mr. Harrod out and spraining and dislocating his arm. The buggy was smashed up, left hand, bruising and dragging him. The buggy was smashed up.

WILL RETURN IN THE FALL.

Miss Elizabeth D. Giltner closed her music class in this city this week with two recitals—the first at the residence of Dr. J. W. Gayle, on Washington street, Wednesday evening, and the second at the residence of Mr. H. H. Roberts, on Conway street, Thursday evening—both of which were largely attended and greatly enjoyed. The pupils gave ample evidence of the careful training they have received, and they, as well as their accomplished teacher, were warmly congratulated upon the progress they have made during the year. The many friends of Miss Giltner will be glad to know that when she returns from her trip to Europe in the fall she will come to this city for a permanent location, will open a studio and give her whole time to her class here. Instead of dividing her time between this city and Lexington as heretofore.

TENT MEETING.

Being Conducted by Colonel Noel Gaines Near the Graded School.

Gospel services began in earnest here Monday night. They are held nightly in the Mission Tent on North Main Street, near the Graded School. The services are conducted under the auspices of Mr. John C. Vandersdall's Mission. He has secured the services of Col. Noel Gaines, of Frankfort, who will speak every night this week and next Sunday afternoon at 2:30 o'clock. Then on Sunday Rev. B. S. Patterson, a fine evangelist, will arrive and assist in the preaching. Stirring gospel sermons and ringing reform lectures are the features of this tent revival. It is inter-denominational, for everybody, Christians and sinners alike. Col. Gaines gives this as the motto for his work—"Expect great things from God, attempt great things for God." This indeed sounds just like the man. His subject for next Sunday afternoon is "The Kingship of God-made Character." Col. Gaines especially wishes all business people and public men to come to this Sunday afternoon meeting. He says he has something pointed and important for them.—Harrodsburg Herald, May 29.

Heart Strength

Heart strength, or Heart Weakness, means Nervous Strength, or Nervous Weakness—nothing more. For every man and woman in a hundred is actually diseased. It is almost always a hidden heart disease. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds, strengthens; it offers real, genuine heart help. If you are suffering from Heart, strong digestion, strengthen those nerves—re-establish them as needed.

Dr. Shoop's Restorative
"ALL DEALERS"

THE SECRET OF SUCCESS

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the suffering millions of these distressing complaints. Two sizes, 50c and 75c. All druggists.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book on Dr. Shoop's Restorative. McCLURES' **STARTLING SUIT SALE**

The Greatest Suit Offer Ever Made in Frankfort

\$18

FOR SUITS WORTH \$25, \$30, \$32 AND \$35
MANY SILK LINED SUITS IN THE LOT.

Here's what happened. A big Rochester maker of fine clothes got worried on account of the cold spring. He wanted to get rid of his stock and he was willing to take most any old price if he could only dispose of the goods. He offered them to us at an enormous reduction from usual prices.

WE BOUGHT THEM

Now, listen! This maker makes only the finest of ready-to-wear clothes, retailing regularly at \$25 to \$35. Every suit in this purchase is hand-tailored, the larger part of them are made of imported worsteds, and probably one-fourth are **SILK LINED THROUGHOUT**. A tailor could not make you a better suit for \$40. There are nearly 400 suits in the lot---a greater variety of really fine suits than was ever before put under one roof in Frankfort, there being about 50 different styles to select from. There are all sizes up to 50 stout, including regulars, longs and stouts.

The suits are here ready for you. There are club checks, plain grays, dark worsteds, almost every conceivable pattern, and, to begin with, there are all sizes in every pattern. At least half of the suits are worth \$30 and over. Come early and get a suit of imported fabrics, silk lined, hand-tailored for \$18. The chances are that it will be many years before we can again make such an offer.

You Cannot Afford To Miss This!

Boys' \$7 to \$10 Suits, \$5 00
Boys' 5 and 6 Suits, 4.00

This boys' suit sale helps along at commencement time. Choice of any knee pants suit in stock worth \$5 and up as above. Blacks and blues included.
